Dear Parents/Carers,

**Newton Farm Science Fair 28th June 3 - 4pm**

On Friday 28th June, Newton Farm is going to hold its first ever science fair!

Pupils will have the opportunity to work at home with you on an exciting project of their choice. Successful entrants will have a table on the playground on **Friday 28th June 3-4pm** to present their findings. **Entries will be limited to 30 spaces and will be allocated on a first-come first-serve basis.** Pupils who gain a table at the science fair will be notified by letter.

Entrants need to have completed scientific research or experimentation at home with parental support/supervision and have produced either a poster or have other evidence to present to people at the fair. This can be presented in any way you choose - be creative! If you wish to join your child at their table to help them present the findings of your joint experiments, you are more than welcome to do so.

If you wish for your child to take part in the science fair, please complete the form below and return it as soon as possible as there are a maximum of 30 spaces available. Last date for entries is **Friday 21st June 2019 at 9am.**

Yours Sincerely,

Miss Burgess
Assistant Headteacher
