Talk to a partner about how you worked out your answers.

6 Kim and Dexter are working out how many more hours are in the month of August than September.

I can work out how many hours are in August in total, how many hours are in September in total and subtract one from the other.

Kim thinks there is an easier way of working it out.

What might Kim’s method be?

Talk about it with a partner.

7 Brett knows that there are 24 hours in one day, 48 hours in two days and 72 hours in three days.

Use these facts to work out how many hours there are in each month.
