Dear Parents/Carers

HOME LEARNING AND SCHOOL WEEKLY UPDATE

Firstly I hope you and your families are all well and safe. A massive thank you to every single child, parent, carer and member of staff who have all been absolutely incredible in these very unsettling times. It has been quite wonderful to see the learning that is being shared with your child’s class teacher.

I am hoping you have all had an individual learning pack as well as the Class Dojo and Bug Club log ins and have been able to log in successfully. We have put guides on how to use these online resources on the school webpage on your child’s Year Group page. Class Dojo is a great way to see and interact with the learning that your child’s teacher has suggested for each day as well as some other great learning links and suggestions to keep all our pupils happy and engaged with learning whilst they are not at school. There have been so many creative ways your children have been learning as well as discovering new hobbies and interests.

If you have any home learning questions, your class teacher should be able to answer them but contact the school as well if we can also help or we will signpost to someone who can.

From Monday, the children and staff who are accessing our provision at the moment are moving over to Bridge Learning Campus. This is so we can continue supporting key worker’s children and more vulnerable children if we have a reduced site team. If you are receiving Free School meals and have chosen to collect a lunch bag from the kitchen this will still continue as normal. You will still be able to contact the office team through the usual numbers if you have any general enquiries. They will forward any emails to a relevant member of staff if you are not sure how to contact them. If you would like to contact one of the Leadership Team: myself, Ms Buckle or Mr Huxley then we have set up a new email address PSleadership@parsonstreet.com and one of us will get back to you as soon as possible.

The Department for Education have sent out some advice recently about a scam email that some parents in England had received asking anyone entitled to free school meals to send them their bank details and they would be supported. This is a scam email, please do not respond and delete immediately.

If you are able to access Twitter look out for the beautiful rainbow paintings some of our children painted yesterday and have put on the school railings. Hope and beauty in these unsettling times.

I will be sending out a weekly update during the school term so that we can continue to stay in touch with each other. Until then stay safe and well – we miss you all.

Ms Louise Hopcroft
Headteacher
