Are you the parent or carer of a child or young person with a diagnosis of ALN or disability?

Are you looking for a safe, welcoming and vibrant space for your child or young person to make new friends, enjoy play and develop their confidence?

The Trinity Project may just be the answer!

Venue & Opening Times:

Fishguard:
The Phoenix Centre, Goodwick
10.30am - 12.30pm
(Every other Saturday)

Haverfordwest:
Bethesda Baptist Church
10.30am – 12.30pm
(Every other Saturday)

Pembroke Dock:
St John’s Community Hall
1.30pm – 3.30pm
(Every other Saturday)

How Do You Register?
The Trinity Project is an Early Help service, meaning that registration does not require the involvement of a social worker.

If your child/young person has an established or working diagnosis of an ALN/Disability, they are eligible to attend The Trinity Project.

Parents/carers can request a registration pack independently or via any of The Integrated Team at Pembrokeshire County Council.

A registration pack can be obtained from and must be returned to:

Early Help Services
The Trinity Project, Agile Room,
North Wing, County Hall,
Pembrokeshire County Council,
Haverfordwest, SA61 1TP

Call: 01437 776354
Email: thetrinityproject@pembrokeshire.gov.uk
Jonathan.bell@pembrokeshire.gov.uk

If you have any further questions about The Trinity Project, want to register your child/young person or even if you wish to be involved as a Play Worker Volunteer, get in touch!
What is The Trinity Project?

The Trinity Project will provide three specialist Youth Clubs for young people aged 5 – 18 with sites in Fishguard, Haverfordwest and Pembroke Dock.

Our dedicated Play Workers are able to build friendships that make a huge difference to the lives of everyone involved. Whether it’s a simple board game, arts and crafts, indoor skittles, building blocks, computer play, dance and music or simply having a chat, our commitment to all our young people at all our venues extends beyond simply having a good time….We aim to deliver a real sense of belonging – and lots of fun!

For two hours every other weekend, The Trinity Project will deliver its multi-site service, providing young people with ALN/Disabilities with an opportunity to do their own thing, while offering our parents and carers the valuable opportunity to do just the same. We understand the wide variety of challenges being faced by our parent cohort and that a few hours’ of rest and relaxation on a weekend can make a big difference to a family’s life.

Service User Quote:

“**I enjoy being with my friends and meeting new people and spending time with the volunteers.**

**I enjoy playing games.**”

Our Volunteer Play Workers

Each site has a large cohort of volunteer Play Workers, supported by experienced Play Work Coordinators who manage and deliver each session. Working on a ratio of at least 2:1 (child: staff), we aim to ensure that continued engagement and support is always on offer.

Our training and development package on offer to every member of The Trinity Project staff is important and includes a full induction, Safeguarding, Health & Safety, First Aid, Epilepsy training and Behaviour Management among others, as well as a full, enhanced DBS check and thorough referencing prior to beginning their role.
