Year 4 Curriculum News
Happy New Year! Welcome back to a new term. We hope you all had a lovely holiday and are now raring to go!
Mrs Walker, Mrs May and Mrs Gadbury

Geography
Geography will take centre stage this half term as we continue with our enquiry based learning. We will be finding out about the formation and location of volcanoes. We will consider the impact that volcanic eruptions have had in the past and may continue to do so in the future.

French
French will be taught by Mrs Suarez and the children will continue to develop the vocabulary and pronunciation.

Design and Technology
Children will be given the opportunity to customise a recipe for making rock buns, creating a healthy, fruit-filled conglomerate of a bun! We hope these will be tasty and go down a treat.

Art
We will be developing our art skills in a unit of work focusing on digital media.

Science
The children will continue to investigate the changes of state between solids, liquids and gases. Linked to our theme of volcanoes, the children will also learn about rocks and soils.

Volcanoes

Special Information
We are delighted to have been chosen to take part in the Macclesfield Music Festival on 13th February. This is a superb evening of musical performances from schools in Macclesfield. We also have our residential to look forward to in March.

Spring Events
Year 4 Learn Maths with Me on Tuesday 22nd January 9.00 - 9.15a.m.
Tattenhall Coffee Morning on Wednesday 5th February 9.00-9.30a.m.

Homework
Handed out - Friday Collected - Wednesday

What are we doing this term?
Spring Term 2020

P.E days 1st half term
4MW Tuesday and Wednesday
4G Wednesday and Thursday
If your child cannot take out their own ear-rings, then please remove them before coming to school. They will not be allowed to take part in P.E lessons with ear-rings in.

Maths
The children will focus on developing a range of skills with fractions and decimals. We will learn how to multiply and divide larger numbers using written methods.

English
We will use the following key texts to stimulate a range of exciting writing opportunities for the children.
- The Pebble in My Pocket by Meredith Hooper
- The Firework Maker’s Daughter by Phillip Pullman.

Please contact your child’s class teacher if you would like to help with readers.
