Design and create a ball gown for Cinderella. Think about what materials you will use and why.

(Note to parents: Your child does not have to make an actual ball gown - unless they want to! Collaging a picture of the gown with the material they would use is perfectly fine for this task.)

Look at the words in your spelling lists that we have been practicing in school. Write some sentences about the magical woods and the people that you might find there, using the words from the spelling lists.

Retell the story of either ‘Cinderella’ or your own favourite fairy tale. Ask a grown up to video this task, and email it to s.wright@stpetersprimary.org so that we can share it with the rest of the class.

In history we are thinking about Kings & Queens. If you were a king or queen what laws (rules) would you have that your people need to follow.
Write down what your rules are.

Visit the woods at Burbage Common and take some photos.
When you get home create a picture of the woods using any medium that you like (paint, pens, pencils, collage etc.) Use the photos that you have taken to help you create your artwork.

In many fairy tales there are many dangers in the woods including witches and wolves. Make a warning poster telling people why they need to stay out of the woods.

Our RE for this half term is about ‘Special People.’ Think about somebody who is special to you. Draw a picture of them and write a prayer thanking God for bringing this special person into your life.

Write a book review of your favourite fairy tale. You need to include:
- The title of the story
- Who is in the story
- What the story is about
- Why you liked the story
- What you would change about the story

Put all your tricky (common exception words) around the room or garden – see how many you can read correctly in a minute.

- Choose an activity to be completed each week.
- Please sign and date a square when an activity has been completed.
- Any work should be completed in homework books for evidence or emailed to Mr. Wright at s.wright@stpetersprimary.org
- Homework books need to be returned to school on a Wednesday, and will be given out again on a Friday.

Remember this is just one of your homework tasks. You also need to complete your Maths task, practice your weekly spellings and read at home at least 3 times a week.
