What to do during severe weather conditions

Should very extreme weather conditions prevail, I would be grateful if parents would observe the following procedure:

1. The school will remain open at all times and children will be expected to attend school unless:
   - You have previously been notified of school closure
   - Radio announcements have been broadcast, listing Shakespeare Primary School specifically as closed - please tune in to: Heart FM or BBC Radio Devon, Radio Plymouth or Radio Cornwall, alternatively information will also be provided on
     - [https://twitter.com/plymouthcc](https://twitter.com/plymouthcc)
     - [www.facebook.com/PlymouthCityCouncil](http://www.facebook.com/PlymouthCityCouncil)
   - Children live too far and conditions are too bad to even attempt a journey

2. Should conditions deteriorate dramatically during the day, children will not be sent home unless accompanied by a parent or an adult nominated by the parent.

3. It is unlikely that a prediction will be made about the day following a day of closure due to severe weather. Every effort will be made to keep the school open and parents should ensure that children should attend.

If in doubt, please follow the procedure set out in 1 above.
