Can I recreate a photograph?  
As you all excelled at recreating a famous masterpiece in a previous week. Your task today is to recreate an old family photo that was taken at least 4 years ago with people in your household. |

**Family Activities**  
**Family Activity: READ**  
See the world through a character’s eyes  
Suitable for all ages – get creative!  
Choose your favourite storybook character. You’re going to make the world as they see it!  
**You will need:**  
a shoe box or other small box  
tissue paper or glue  
some card or scrap paper  
coloured pens or pencils  
**Use a cardboard box to create a tiny 3D scene from a story, just as you imagine your chosen character sees it.**  
**Really think about your character’s world. What would Matilda see when she visited Miss Honey’s house for the first time? Or what does the neighbourhood that Sophie and Callum from Noughts and Crosses see every day look like?**  
**If you don’t have a box, you can draw a picture of the scene or design it on a computer!**
