The following sheets each have a sentence on them. We would like your child to draw a picture to match the sentence.

Please encourage your child to sound out the word they want to write and then write the letters that match those sounds, forming the letters correctly.

If the word is a ‘red’ word they will need to know this and write the word from memory!

We have read words containing four sounds and two syllable words in school but your child may find these more of a challenge. Don’t worry—this is why it is important to keep practising!

You could write other sentences and ask your child to read them and draw a matching picture or ask them to read a sentence from a book and draw a picture to match that.

Your child will need to sound out each word and then blend the sounds together. Encourage them to keep rereading each word until they reach the end of the sentence and then reread the whole sentence to check they understand what they have read.
I like to chat with my mum.
They are hot in the sun.
I can dig in the mud.
The red ship is big.
