Parent / Legal Guardian

January 2019

Dear Parent/Legal Guardian

Re: Year Six Online Health Review Questionnaire 2018/19.

The Department of Health recommend that children in year six receive a health review by the School Nursing Team.

In order to achieve this each child in year 6 will be provided with an online questionnaire in school about their physical health and emotional wellbeing. This provides an opportunity for children to think about their general health and wellbeing and for the School Nursing Team to address any issues identified.

After the questionnaire has been completed, the School Health Team may see your child in school if needed or if your child has requested it. If we do we will then contact you to inform you of this.

The personal information collected from this questionnaire will be treated as confidential. Anonymous and collective information may be shared with our partner agencies to improve services to children.

As your child progresses through his/her school career he/she will be asked to complete a further health questionnaire in year 9. You will receive a letter informing you about this nearer the time.

If you have any concerns or worries you wish to discuss or just want further information, please contact the School Health Team on the above number.

You and your child might like to access www.healthforkids.co.uk which will provide information and support about children’s general health and wellbeing.

If you do not want your child to participate please ‘opt out’ by contacting the School Health Team on the above telephone contact details, within 5 working days from receiving this letter.

Yours faithfully
Coventry School Nursing Team

Russell Hardy - Chair
Glen Burley - Chief Executive
