10th March 2020

Dear Parent/Carer

We are writing to you on behalf of the Worm Warrior’s afterschool club (Gardening and Plant Pot Club).

We have come up with an amazing project! And we are asking for your help.

During our first afterschool club we have come up with some amazing ideas.

If you could recycle any of the following:

- Plant pots
- Bags of soil
- Wind chimes
- Flower seeds and bulbs
- Vegetable/fruit seeds

We want our school ground better by putting more colour into our playground, school house garden and prayer garden.

We also want to learn about planting fruit and vegetables.

How AMAZING IS THIS?

Thank you in advance.

Kind Regards

Worm Warriors
