ST ANDREW’S MAGHULL CE PRIMARY SCHOOL

PE and School Sport Funding

The government is determined to secure a significant and lasting legacy from the very successful 2012 Olympic and Paralympic Games that were held in London. In order to achieve this and improve the provision of PE and sport in primary schools, additional funding of £150 million per annum has been made available for the academic years 2013/4 and 2014/5.

In our school this amounts to £9,265 over the two years. £5,869 in 2013/2014 and £3,206 in 2014/2015.

At St Andrew's Maghull CE Primary School we believe that sport plays an important part as it contributes to the health and well-being of our children. Sporting excellence and participation, alongside strong cultural opportunities, go hand in hand with academic standards.

We have used the Sport Funding to strengthen and improve our provision in the following ways:

- To hire a qualified tennis coach to work alongside our teachers when teaching PE
- To support and engage the least active children through additional clubs
- To pay for professional development opportunities for teachers in PE and sport
- To provide cover to release teachers for professional development in PE and sport
- To attend sport competitions and increase pupils’ participation in school Games
- To buy quality assured professional development modules /materials for PE and sport
- To provide places for pupils on after school sports clubs

PE Curriculum

A wide range of activities are delivered in school which aim to engage and inspire all children. **We are also committed to ensure that all children receive at least 2 hours per week of high quality well-planned PE.**

Over the year each child will participate in games, athletics, dance and gymnastics lessons. Opportunities are also planned for swimming in Years 3/4/5/6 and Outdoor and Adventurous activities in Years 5/6. Our aim is that all children leave our school at the end of Year 6 able to swim 25 metres.

Please refer to the curriculum/year group pages of the website for more details of PE lessons taught each term.
The Wider Curriculum

PE and sport has a high profile in our school and permeates many aspects of school life.

Throughout the year we hold theme weeks such as The Olympics where children participate in a wide range of activities and have a ‘taster’ session of a sport or activity that otherwise they may never have tried.

During our residential visits, children are given opportunity to participate in many different activities which may include orienteering, assault courses, fencing etc.

In the summer term we also hold our annual Sports Day in which we encourage participation of all children and organise competitive races for our more sporting youngsters.

Other agencies are used to enhance the variety of activities available and we take full advantage when these opportunities become available. For example Everton and Liverpool football clubs run training sessions in school and activities are organised through our sports partnership link with Deyes High School. Talented children are signposted to local clubs and events to encourage them to develop their skills.

School also believes it is important for the children to meet local sporting role models.

Beyond the School Day

The school is keen to provide a wide range of extra-curricular clubs for children throughout the year which are organised by our teaching staff and/or sports coaches.

Children enjoy the opportunity to work with different teachers and have the chance to try many sports such as Netball, Cheerleading, Tennis, Football, Multi-skills, Hockey, Cricket, Rounders, Tag Rugby, Judo, Athletics and Cross Country.

We try to cater for all our children’s needs and so ask the children which clubs they would like to see included during the year; we also monitor participation and check uptake against gender and free school meals.

We enter an increasingly wide range of competitions and have had many successes.

Please refer to the children’s page of the website for more details of the extra-curricular activities on offer.

Primary school experiences are pivotal to the children’s future perception of physical activity and we believe that children leave our school equipped to enjoy sport for all its health and social benefits. For those who relish the competitive element, they gain the skills, confidence and relevant experience to succeed at their chosen level and discipline.
