Year 4 Visit to Culmington Manor – Activities and Consent

Please read the following information which accompanies the final consent form for the Culmington Manor Trip (April 22nd – April 24th 2020). The consent form refers to consent given for all activities. At this stage we are awaiting final confirmation from Culmington as to what we have been allocated, so we don’t yet know the specific activities we’ll be doing. However, this trip covers the Outdoor and Adventurous Activities area of the PE curriculum (OAA).

Going right back to the first letter about the trip, it listed several potential activities including fencing, kayaking, abseiling and a zip wire. For anyone who is concerned about the activities, be assured that the centre staff are extremely well trained and all activities are extremely safe and well run. Children will be actively encouraged to try all activities (as that’s what you’ve paid for), but nobody will be made to do anything if they really don’t want to.

I hope this helps. We really need to get these consent forms signed and collected early, as there is a lot more to do as the trip gets closer.

If you have any specific questions, do come and talk to me, or wait until the meeting on Monday 24th February in the hall. This meeting includes a presentation about the centre and far more details about the trip, including clothing required.

Also, for specific information on Culmington, see their website:

Regards,

Mrs K Mulrain
Educational Visits Coordinator
