Rationale

As an Anglican Church School, we aim to lay the Foundations for Life within a Christian context. In particular, in line with The Church of England’s Vision for Education, ‘Deeply Christian, Serving the Common Good’, we aim to ensure that we provide a high quality education which promotes ‘life in all its fullness’ (John ch10 vs10) and educating of the whole person. This guidance outlines how we specifically preserve and promote the distinctive Christian character at St Luke’s School.

Delivery

We place a strong emphasis on

- developing children’s spiritual, moral, social and cultural education through all aspects of school life: the curriculum, worship, the development of relationships, care for the environment, respect for all people.
- promoting spiritual development, fully recognizing the opportunities for this in every aspect of education and in the daily act of worship
- ensuring good moral development which builds character, enabling each child to have the courage to do what is right and act responsibly.
- providing opportunities to develop socially, encourage children to show compassion and understanding of others, encourages reconciliation and forgiveness in the face of conflict.
- promoting cultural development which incorporates the Christian heritage of this country as well as contributions made by other religions and cultures.
- promoting good mental and physical development – encouraging the aspiration to do everything as well as possible
- providing a Christian education - being explicit not only about the values underpinning it

Thankfulness/ Praise – Give thanks in all circumstances; for this is the will of God in Christ Jesus for you. 1 Thessalonians Ch:5v18

Love - Love the Lord your God and Love other people as yourself Matthew 22v34-40

Hope/ Perseverance – We also rejoice in our sufferings because we know that suffering produces perseverance; perseverance produces character; character produces hope Romans ch5,v3-4)

but also about the beliefs in the nature of God that give rise to those values

(God the Father - source of all being and life, who appointed us as stewards of his creation

God the Son, Jesus Christ - his redeeming life, his teaching about sin, repentance, forgiveness and love, his death and resurrection

God the Holy Spirit (Sustainer) who lives in God’s people and makes Christ known in the world)

- using displays, accommodation and resources to promote the Christian nature of the school and aid spiritual reflection, prayer and worship. E.g each class has a special reflection area.
- ensuring the importance of Religious Education within the curriculum.
- developing strong links with the local clergy, church and diocese
- playing our part in the Church’s mission to the nation
• emphasizing our Anglican character and practice in worship: using the Bible as a source book for inspiration and learning; reflecting upon Christian symbols and their use in worship e.g. bread, wine, chalice, cross; observing the cycle of the Anglican Year – Advent, Christmas, Lent, Easter, Pentecost, Trinity, [Harvest] and All Saints’ Day; using Anglican prayers i.e. The Lord’s Prayer
• providing all staff and children with opportunities to lead and take part in worship together
• providing opportunities to discover the value of meditation and silence within the context of Christian worship
• highlighting the need to promote and support the Christian ethos when recruiting, ensuring induction procedures explain to all new staff the importance of the Anglican character of the school.
• expressing, in the school prospectus, the importance of the Christian faith as a fundamental and guiding principle to the life of the school.
• the Headteacher and Governing Body ensuring that the Anglican character of the school is sustained, developed, reviewed and evaluated, specifically
  o preserving and developing the Christian character of the school
  o ensuring that all are aware of the Anglican foundation of the school
  o ensuring that strong links with the Christian church beyond the school are sustained and developed
  o making provision for the Spiritual Moral Social and Cultural development of pupils throughout the curriculum
  o ensuring that there is space for the spiritual development of pupils and staff
  o in line with “Religious Education in Church of England Schools – A Statement of Entitlement”, ensuring that R.E has a high status, is allocated adequate time and that it is well taught making use of Understanding Christianity as a resource alongside the Locally Agreed Syllabus.
  o ensuring that worship is at the heart of the school’s life, supporting and affirming the work of the church; the vicar is facilitated and encouraged

**Monitoring and evaluation**

• The policy will be reviewed as part of the schools monitoring cycle every three years. The Head teacher and Foundation governors have responsibility for monitoring this policy.
