Guidance to your child’s learning and development in the early years foundation stage

Supported by

Department for Education
How to use this guide

The Early Years Foundation Stage Framework (EYFS) sets out the learning and development stages for children as they grow from birth to five years. For those working in the early years - whether in a nursery, pre-school, a childminder or in a reception class in school - the EYFS outlines what they need to do to support your child.

The purpose of this booklet is to help you as a parent/carer* find out more about how your child is learning and developing during their first five years, in relation to the EYFS. Children develop more rapidly during the first five years of their lives than at any other time. This booklet has been written to help you as a parent know what to expect during these vitally important years by focusing on the seven areas of learning and development which are covered in the EYFS.

In this guide, your child’s first five years have been divided up into six age bands which overlap. This is because every child is different and children do not grow and develop at the same rate. It highlights what you might notice your child doing at these points.

Children learn and develop through playing, exploring, being active, creative and being asked questions to help their thinking. After each age band we give you an example of some ideas and tips as to how you can help your child’s learning and development. Page 34 details where you can find out more.

As you know, being a parent is very special and amazing as you watch your child grow up. It can also have challenges. We hope this booklet will help you to know how your child is developing by highlighting what to expect, remembering that all children are different.

One way of using this booklet could be to use it as a reference - see what you notice your child can do. Use it as a prompt to explore and try new things together.

In using this booklet, if you feel unsure about your child’s learning and development you might want to speak to someone from your local children’s centre, your child’s key person, a childminder or a health professional.

To find out more about the EYFS, please visit www.foundationyears.org.uk/parents. For information about free early education and entitlement for 2, 3 and 4 year olds visit www.gov.uk/free-early-education

We thank the parents* who contributed to writing this booklet.

“This booklet is fantastic and will really help me know how well my child is developing and learning.”

“I have spent ages on Google trying to find out if Katie is where she should be – this is great!”

*At all points in this booklet when we refer to parents we include carers, family members and partners, of any gender.

### Personal, Social and Emotional Development

**Making relationships**
- I like to be with other babies and grown ups. I look at faces and move my arms and legs to show that I like to be with them.
- I look at faces and can copy movements you make with your face, like sticking out my tongue, opening and closing my mouth or making my eyes bigger.
- I can show you that I like you talking to me by moving my arms and legs, making my eyes bigger and opening and closing my mouth.
- I can show you that I am interested in what you are doing by looking at and watching you.
- I can show that I like you to hold me or cuddle me by snuggling up to you, smiling, looking at your face or stroking you.

**Self confidence and self awareness**
- I laugh and gurgle to tell you that I like being tickled or lifted up.
- I can use my voice or look at you to get your attention and tell you that I want you to be with me.

**Managing feelings and behaviour**
- I like to see grown ups’ faces and hear their voices when I am feeling upset, worried, tired or hungry.
- I snuggle into grown ups that I know when I am feeling upset, worried or tired.
- When I am feeling upset, I like you to hold me, rock me, speak to me or sing to me quietly and calmly.
- I can show you that I am happy, worried or excited by the noises that I make, by opening and closing my eyes or the way I move my arms and legs.
- I can show you that I know how other people are feeling by smiling back at a grown up when they smile at me and becoming upset when I hear another child crying.

### Physical Development

**Moving and handling**
- I move my head or body when I hear noises and see things or people.
- I can hold my head up.
- I can move my arms and legs in different ways such as waving and kicking.
- I can roll over from my back on to my tummy and from my tummy on to my back.
- When I am lying on my tummy I can use my arms to help me lift my head and then my chest.
- I like to look at and play with my hands and feet.
- I can reach out and touch things that are near to me.
- I can hold things in my hand that are near to me.
- I like to explore things by putting them in my mouth.

### Communication and Language

**Listening and attention**
- I move my head or body to find sounds that I know when I hear them.
- I listen to different sounds grown ups make with their voices and can move my arms, legs or body or make noises when I hear them.
- I will show you that I like you talking to me by smiling at you, looking at you or moving my arms, legs or body.
- Sometimes when you talk to me I will become quieter or make noises and move my arms, legs or body.
- When you talk to me, I look at you, but I will turn my head or body when you stop.
- I like listening to sounds that things I know and grown ups make.
- I listen when you sing songs and rhymes as you tickle my tummy or play with my fingers and toes.
- I stop what I am doing and listen to a new voice or sound when I hear it.

**Understanding**
- When you say my name I stop what I am doing and look at you.
- I understand what you mean when you use words and actions together. For example, as you wave and say “bye bye” or use actions as you sing rhymes like “Wind the bobbin up”.

**Speaking**
- I can let you know what I want or how I am feeling by making different noises such as crying, gurgling, babbling and squealing.
- When a grown up that I know talks to me I make sounds and noises that are special to me.
- I can lift up my arms when I think you are going to pick me up.
- I like to make different sounds and noises, such as “baba”, “nono” and “gogo” when a grown up talks to me.

Early learning goals for 5 year olds:

Early learning goals or ELGs outline the level of learning and development that children are expected to have reached by the end of the reception year at school. We list here the ELGs for 5 year olds across the 7 areas of learning and development in the EYFS. For further information about your child’s progress against the ELGs, please speak to your child’s reception teacher.
