Welcome back

After a successful first term we’re looking forward to even more fantastic work about all our interesting topics in the run up to Christmas. There’s so much to fit in this term including learning about magnets, celebrating anti-bullying week, playing tag rugby and coding algorithms in computing.

English

We start term 2 with our lessons stemming from the classic Ted Hughes novel ‘The Iron Man’. We will be writing a newspaper report before creating our own adventure stories.

Do please keep encouraging your children to read every day at home and to fill in their reading journals. Every week they have a chance in our big book draw to win a brand new book!

Maths

We have just started chapter three which is all about multiplication and division...

We have moved on to the three times table and will be focusing on that every day. To help at home, please ask your child’s teacher about Times Table Rockstars (ttrockstars.com).

Knowledge Organisers

We’re continuing with our knowledge organisers to support our main topics. All past organisers can be found on our class page on the school website. Please use them as a chance to engage with your children about their learning and to test them on their knowledge. They are having tests on all of the information in the knowledge organisers at the end of each unit.

Teachers

Mrs Jeffery
Mrs Tyas

Support Staff

Mrs Baker
Miss Holt

Dates for your diary

Monday 18th November - cinema trip

Thursday 21st November - P.E multi-skills at John of Gaunt

Friday 13th December - Christmas fair

Friday 20th December - last day of term

Physical Education

Our PE day is on a Monday, please make sure your child has the correct PE kit (white t-shirt, black shorts or tracksuit bottoms and trainers or plimsolls).
Homework

Homework will be given out every Friday and is expected in by Friday of the following week. The homework will focus on our main topic and will include activities based around the knowledge organiser. We also expect children to read at least four times a week at home and practise their times tables on Times Table Rockstars.

Science

We’re learning all about forces and magnets. Look out for the knowledge organiser and the key vocabulary that all children will need to learn.
