   shorten $\quad$ $45$ minutes $\quad$ one hour $\quad$ longest $\quad$ $90$ minutes

3. Circle all the durations of time that are longer than half an hour.
   
   $35$ minutes
   
   three-quarters of an hour

4. Circle all the durations of time that are shorter than half an hour.
   
   $25$ minutes
   
   three-quarters of an hour
The clocks show the times that Ron and Teddy started and finished tidying their rooms.

Who tidied their room in the shortest amount of time? How did you work this out?

Aisha and Kim both started their homework at 6 o’clock.

Aisha finished her homework at 25 past 6
Kim’s homework took her 10 minutes longer. What time did Kim finish her homework?

The children in Class 2 ran around the edge of the school field.

The table shows their start and finish times.

<table>
<thead>
<tr>
<th>Name</th>
<th>Start time</th>
<th>Finish time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tommy</td>
<td>10 past 2</td>
<td>half past 2</td>
</tr>
<tr>
<td>Amir</td>
<td>quarter past 2</td>
<td>half past 2</td>
</tr>
<tr>
<td>Dora</td>
<td>20 past 2</td>
<td>quarter to 3</td>
</tr>
<tr>
<td>Rosie</td>
<td>20 past 2</td>
<td>20 to 3</td>
</tr>
</tbody>
</table>

Use the information in the table to complete the sentences.
