This is a review session about months and years. There is a calendar you can use to help you answer these questions.

**Time facts**

- There are 365 days in a year
- A leap year occurs every 4 years
- There are 366 days in a leap year
- There are 12 months in a year
- There are 7 days in a week
- There are 30 or 31 days in a month
- February is the only month with less than 30 days, it has either 28 days or 29 in a leap year
- There are 14 days in a fortnight
- There are 52 weeks in a year

We can use our knuckles to help us work out which months have 30 or 31 days. Months that start on the knuckle have 31 days and months in the groove have 30 days.
Questions
