1 Introduction
At Icknield Primary School, uniform is important to us as it helps to promote a pride in appearance which is supportive to children being ready to learn. School uniform provides the ability to work comfortably in school without being distracted. It provides parents with an easy-to-wear option in the mornings, saving money and making the morning routine as simple as possible. A standard uniform ensures children are dressed appropriately for their age, body shape and comfort and enabling them to learn safely. School uniform also provides unity and inclusiveness among the school community, a feeling of belonging and allows the school’s reputation to be promoted in the local area. It enables children to be easily identifiable on trips to school leaders and therefore promotes their safety. A consistent uniform, supported by the school, allows barriers to be overcome.
