Badgers’ Home Learning

Here are a few ideas about activities you could do at home to support your learning. Feel free to send me photos on Class Dojo if you wish. Enjoy! 😊

Maths
- Revise six-digit addition and subtraction by creating twelve of your own questions. For example, 342,678 + 650,218.
- Revise your times tables up to 12 X 12 using Times Tables Rockstars. These websites may also be helpful: [https://www.topmarks.co.uk/maths-games/hit-the-button](https://www.topmarks.co.uk/maths-games/hit-the-button)  [https://www.timestables.co.uk/games/](https://www.timestables.co.uk/games/)
- Carry out a survey of your choice, collecting data from your family. Which table will you use?
- Find six equivalent fractions for the following fractions: 2/3, 3/7, 8/9.

English
- Read, read, read!
- Write an appropriate ending to ‘The Nowhere Emporium.’ What do you think will happen?
- Have a read of ‘The Highwayman.’ Write a character description based on him. What do you think he looks like? [https://www.poetryfoundation.org/poems/43187/the-highwayman](https://www.poetryfoundation.org/poems/43187/the-highwayman)
- Carry on practising the Y5/6 spelling list – I can email you this if you don’t have a copy of it! 😊

Science
- Compare how things move on different surfaces.
- Compare and group together a variety of everyday materials on the basis of whether they are attracted to a magnet, and identify some magnetic materials.

Foundation Subjects
- Explore everyday objects around the house – find three you could use to replicate rainforest sounds. (Music)
- Create a comic strip based on the Easter Story. (RE)
- Create a rainforest collage – what materials will you use? (Art)
- Research Frederick Catherwood – how is he linked to the Mayans? (History)
- Write a set of instructions based on the Mayan ball game, Pok-ta-Pok. (History)
