Friday 15 May

Hi Lynx,

How are you all? What have you all been up to at home??

It's been lovely to hear from you and see your work and activities at home. Check out the class page to see some of our latest photos! Well done to Oscar P who has shown me how much his handwriting has improved! Also nice to hear from Oscar A, Sunnee, Edith and Darcey.

Another thing I'd like to mention is some great work by Noah and a lovely idea by his family to create our own time capsule! It's been such a strange time recently and will go down in History and we will probably be talking about it for many years! Please see some ideas on the link sent by Noah's family.

Time Capsule
https://letsembark.ca/time-capsule

Anyway it's Friday today and I'm definitely looking forward to having a break from homeschooling!! Have a lovely weekend everyone and keep your messages and photos coming in!

See you soon

Mr H

Wednesday 13 May

Morning everyone,

Well another day and where has the sun gone? It feels like winter this morning doesn't it! Let's hope it comes back soon.

Well done to Darcey, Maxim, Edith and Sunnee for all getting in touch and sharing what you've been up to. It was lovely to see photos of your work, activities at home or just receive your messages.

Keep them coming in! Let me know what you're up to today. It's great to see our class doing so well with TTROCKSTARS again. Keep it up everyone, learning your tables is such an important skill and will make your maths work so much easier!

Keep using the learning packs everyone and later on today, you should be able to see our first video of 'Quarantine Questions'. Mrs Fall has done an amazing job putting it together, so keep checking your emails and the website!

Take care Lynx and speak soon.

Tuesday 12 May

Hi Lynx,

Hope you're all good? What have you all been up to? I spent yesterday doing some painting indoors as it was a bit cold and windy along with some work and homeschooling!!

Today is International Nurse's Day and at this time, I feel strongly that nurse's in particular at this time need a special mention and treatment for the wonderful work they're all doing in our hospitals! With that in mind, see if you can design a letter, poster, poem or picture that would really cheer them up and make them feel really special! You could maybe ask your parents if you could post it to your nearest hospital or clinic?

Thanks to Charlie and Edith in particular for sending some of their excellent work! It looks like you had great fun doing it, so take a look on our class page.
I still haven’t braved cutting my own hair yet but it will have to be done very soon as it’s getting very long! Have any of you had your hair cut at home yet?

Anyway stay safe and have a good day!

Mr H

Wednesday 6 May

Morning everybody,

How are you? Hope you’re all well? What have you all been up to? The weather is looking nice and warm for a few days so see if you can get outside in a safe place with your families and play some games. I’m going to design my own obstacle course in the garden today and we’re all going to take it in turns to have a go and time ourselves each time! How many of you are still doing Joe Wicks? Have any of you managed to keep doing it until start of lockdown.

Tomorrow is a Bank Holiday to celebrate VE day, there are some resources on our class page, so if you fancy having a go at any of the activities e.g bunting, decorations and having your own cream tea, then please send me in your photos.

Keep your messages coming in, it’s been great to hear from you all and remember that there is plenty of work to choose from below on our class page.

Take care and stay safe and I’ll speak to you soon.

Mr H

Tuesday 5 May

Morning Lynx,

How are we all this morning? Good I hope! What did you get up to yesterday? I did some work, homeschooling, DIY and some gardening! It looks like it’s going to get really sunny and warm in the next few days again so that will be nice!

Thanks again to all of you who have messaged again. Flora has been writing a book, Noah has been busy again with his TTRockstars, Edith has been making a brilliant mask and I also heard that some of you have been catching up with your friends on Zoom!

It all sounds good fun! Keep up the good work guys, you’re obviously trying hard! The work is on our class page so please keep doing bits from it and keep your eyes open for a video that will be coming your way soon.

As you know lots of amazing people are doing incredible things to make people better at the moment like doctors and nurses but there are also other people who are keeping everything going too like the postman. Maybe you could write a letter, design a poster, poem or rap to say thank you for all the amazing work they are doing. Send me any designs and we can put them on our website. Remember this will really brighten their day and make them smile so please give it a go.

Anyway off for breakfast and Joe Wicks now, so stay safe and hopefully see you all soon.

Mr H

Monday 4 May

Hi Lynx,
Hope you've all had a lovely weekend! Thank you so much for all your Disco photos and videos! It was great to see you all having so much fun! Also thanks for all your Quarantine Questions. I won't be able to answer all of them this time, but I have answered a lot with Mr Baker and Miss Braid and we will send you out a little video with our answers very soon!

Keep on accessing the work on the Class Page and please keep sending me in your fantastic pictures of what you're up to. No one knows yet when we will all be back to school, so try and keep doing a little bit of work each day if you can, particularly reading, TTRockstars and your projects. I am really missing seeing you all and hope it won't be for too much longer but until we hear otherwise, let's still do all the great things that we do as a class! Remember it's difficult for your parents and carers too, so try and help them out in any way that you can!

Take care Lynx

Mr H
