Story time
Good sitting
Good listening
Good looking
Good exploring
We are learning about how water is used.
We’re Going on a Water Hunt!
We’re going on a water hunt, we’re going on a water hunt!
What will we find?
What will we find?
Uh Oh! Rain!

Cold, wet rain!

We need the rain to give us water.

Listen to rain sounds:
https://www.youtube.com/watch?v=jX6kn9_U&fk&t=33960s

Spray water from a spray bottle.
We’re going on a water hunt, we’re going on a water hunt!
What will we find?
What will we find?
Oh look!
Brushing teeth!
Smile!
We need to brush our teeth to keep them clean.

Dip tooth brush in water. Brush your teeth.
We're going on a water hunt, we're going on a water hunt!
What will we find?
What will we find?
Oh look!
Bath time!
Time to get clean!
We need to have baths so we smell nice and stay clean.

Use soap (strong smell) to clean a toy doll with soapy water.
We’re going on a water hunt, we’re going on a water hunt!
What will we find?
What will we find?
Oh look!
A beautiful plant that needs a drink!
We need plants to grow for food.

Use a watering can to water a plant or pour into another container.
We’re going on a water hunt, we’re going on a water hunt!
What will we find?
What will we find?
Oh look!
Its cold, Icey cold.
When water gets frozen it turns into ice.

Freeze water and explore ice in a tray.
We’re going on a water hunt, we’re going on a water hunt!
What will we find?
What will we find?
Phew! I’m tired now!
Let’s have a nice drink of water to cool down.
We have been learning about the different uses of water.

- Drinking
- Keep our teeth clean
- Water plants
- Keep our bodies clean
- Ice
- Rain
