The Growth Model

Woodlands School assessment model is available for purchase, however to maintain the integrity and standard of the new Growth Model system, all purchases must include our Level 1 initial training.

Purchase options and cost

- **Level 1: Initial training** on the philosophy of the holistic approach to assessment and the Growth model. Delegates will have an opportunity to use the assessment and take with them a model sample to use back at their own school. **Cost: £110 per delegate**

- **Level 2: In house training** which will include Initial training for up to 10 delegates and an electronic version of the Growth Assessment, technical support to help set the system up and access to comparative data.

  **Cost:**
  To purchase the electronic Growth model system, either in a single subject or as a whole package, including training:
  - £200 per subject
  - £700 Complete Set which includes English, Maths, Science, PD, Computing and PSED

  Available subjects:
  - English (Reading, writing, Speaking and listening)
  - Maths (Number and Geometry)
  - PSED (Physical development, PSHE, self-help skills and citizenship)
  - Physical Development
  - Science
  - Computing

- **Level 3: Moderation and updates** – schools that purchase the Growth Model will be able to take part in termly moderation meetings with other schools, will have access to moderated samples and will be given any updated versions of the Growth Model. As well as support trouble shooting any issues and concerns. **Annual fee: £100**
