FRIDAY

WEEK 13 – WEEK BEGINNING 6TH JULY 2020
MATHS – MENTAL ARITHMETIC

• Please complete the mental arithmetic and send your scores to your teachers.
• Decide whether you want to do the core (normal arithmetic) or extension (the more challenging arithmetic) or if you want to you can do both.
• Remember to show your working out and check your answers through afterwards.
READING

• Complete the Henry VIII reading comprehension.
• Pick a star (1-mild, 2-medium, 3-spicy) to how much you would like to challenge yourself.
• Remember to include evidence from the text and to practice your skimming and scanning skills for retrieval questions.
• You have a choice for this afternoon, you could have golden time, this would be a nice chance to play some educational games, go on a bike ride or walk somewhere.

• Or there is an optional Bitesize activity if you wanted to complete this.

• Have a lovely weekend and well done for your hard work this week 😊
- Have a look at this website and play the quiz, listen to the Horrible Histories song about his wives or listen to Danny Dyer speak about King Henry VIII

- Fun Fact: Did you know that Danny Dyer’s own royal roots were revealed on BBC series, Who Do You Think You Are?, which showed that he is a descendant of Edward III. The actor also discovered he is related to Thomas Cromwell, William the Conqueror and Henry III!
