<td><strong>Topic Work</strong></td>
<td>Can I make gingerbread man?</td>
<td>Look at the 2 options below and decide which one you would like to do, you can do both, but please feel free to make the gingerbread whenever you wish, it can be done over the long weekend. 1. Make a gingerbread man following the recipe from this morning. 2. Make a stick puppet of a gingerbread man. If you choose to take Option 1, then please with an adult follow the recipe on the class 2 page on the school website and together with your grown up make some delicious gingerbread men or women or shapes (if you don’t have a gingerbread cutter, use whatever you have to cut out the gingerbread, I use a glass to make circles) • Remember if you are baking always bake with a grown up and help to tidy up afterwards. If you choose Option 2 .... Click on the link below it is a tutorial on how to draw a gingerbread person. <a href="https://www.youtube.com/watch?v=4v1VKULPvRI">https://www.youtube.com/watch?v=4v1VKULPvRI</a> Follow the instructions, then you can cut out your person and stick it onto a pencil or pen or ruler. Have fun, be creative and always remember to tidy up when you have finished.</td>

It’s important to remember internet safety rules if you are using the internet. Don’t give out any personal information and take extra care when researching topics—stick to websites aimed at children. Try not to surf from one site to another by clicking ads—use the safe surf search engines just as we would in school. Don’t forget to take breaks and to get some fresh air during the day. It’s also important not to spend too much time on screens.

Remember nice. work hard. stay kind.

Have a lovely weekend.
